Author: Sgt. Dave Marshall

The Post Falls Police Department is teaming up with the Office of Highway Safety and Law Enforcement Agencies around the state in an Aggressive Driving Mobilization. This mobilization will take place July 15-26, 2011

In 2009, Aggressive Driving was a contributing factor in 52% of all crashes in Idaho. The number one Contributing factor for fatal and serious injury crashes was speed. Speeding was a contributing factor in 18% of all crashes from 2005-2009. The economic cost of crashes involving speed was \$1.2 billion dollars, which represents 49% of the total cost of all crashes in Idaho.

The goal of this mobilization is to reduce the five year fatality rate through the decrease in motor vehicle related deaths and serious injuries by decreasing crashes as a result of speed.

~ MORE ~

Officers will be working to keep our roadways safe and reduce speed related incidents. Please assist us in this effort by giving yourself adequate time to reach your destination, following the rules of the road and driving at a safe, legal speed.
