

Idaho Chiefs of Police Association

March 7, 2011

Mayor Clay Larkin and City Council Members
City of Post Falls
408 N. Spokane St.
Post Falls, ID 83854

Dear Mayor Larkin,

It is my pleasure to inform you that the Post Falls Police Department has successfully completed the Idaho Chiefs of Police Association (ICOPA) accreditation process. During an inspection February 16-17, 2011, your police department was found to be in compliance with all accreditation standards.

This milestone achievement came with no small effort. Our special thanks to Chief Scott Haug and his staff for taking this opportunity and putting forth their efforts in meeting the accreditation standards set forth by ICOPA. This is an accomplishment you and the citizens of Post Falls can be proud of, as it demonstrates your dedication to maintaining a progressive and professional police department for your community.

In recognition of this accomplishment, a plaque has been ordered and Lewiston Chief Steve Orr will soon be contacting your office to make arrangements for presentation to Chief Haug, hopefully at a future Post Falls City Council meeting.

Once again, on behalf of the Idaho Chiefs of Police Association, we congratulate you on this notable achievement.

Sincerely,

Michael F. Masterson, Chief of Police
Boise Police Department
President, Idaho Chiefs of Police Association
