## City of Post Falls Department Services and Safety Measures That Have Been Implemented

### **Community Development**

- The 21 Day Stay-Home Order lists both Residential and Commercial construction as “essential”. Keeping that in mind, all services are continuing in Community Development. The employees are limiting interactions with customers during inspections and the employees are limiting their interactions with one another, to reduce potential exposure, should one of inspectors be exposed to COVID-19.
- Permit applications may be submitted electronically or dropped off in the mornings, by appointment, at City Hall. The department is making use of Zoom meetings to keep processing moving forward.
